Issue #2 16th September 2024

Dear Families,

Welcome to our second newsletter of the year, which will now be sent out on a weekly basis and contain key dates, updates and general school news. A reminder, to please keep an eye out for your ClassDojo feed too, so that you can keep updated on your child's learning and discover more about their time in school. Many are signed up already, thank you!

We have pencilled in some dates for you to be aware of, with the 'Welcome to My Class' sessions taking place on Thursday 26th September, which is always an excellent opportunity to speak to your child's teacher and explore your child's classroom. These sessions run from 3:20 - 4:00pm in your child's class and will also cover a brief outline of our new inquiry curriculum. If you are unable to attend on this date, please contact the class teacher as we may be able to offer an alternative slot.

A new uniform policy will also be shared later this term, which will provide further details of our new offer and expectations for our learners, who we know will look extremely smart in the new uniform.

Mr Shillabeer
Head teacher

Nut Free School

Thank you to those who have ensured packed lunches and snacks no longer contain nuts. We still need to remind families to check carefully the packed lunches being sent in, as we have had peanut-butter sandwiches and Nutella chocolate spread dip-sticks being sent in to school. We ask out of consideration for those who are at risk due to exposure to these products. Many thanks in advance for your support.

SAFEGUARDING CHILDREN IS A RESPONSIBILITY OF US ALL

Safeguarding Lead: Mr Dominic Shillabeer

Deputy Safeguarding Leads: Miss Kellie Nash and Mrs Kate Febrey

Class Spotlight - Oak Class

Every week, we will focus in on a new class or member of staff, in order for you to find out a little more about our school and the special people who work in it.

This week, we are delving into Oak Class, with Miss Nash, Miss Sellick (Trainee teacher) and Miss Hart.

"We've had an amazing first week back in Oak Class, the class has settled in so well! As geographers, we've been investigating the continent of Europe, locating it's countries and researching the capital cities too. As scientists, we've been re-creating being the different states of matter and imagining what it's like to be a solid, liquid or gas. We also had great fun with some team building exercises too."
