

Meet the Teacher!

Mrs Anna Hall

About me:

I have been part of the Axbridge school community since 2018 when my two boys started at the school and I have been a teacher here since 2022. I live in Cheddar with my husband and two teenage boys. I trained as a teacher in 2006 but whilst my own children were small, I spent time as a childminder before returning to teaching.

My Favourite Subjects:

I love teaching phonics and writing. I get so much pleasure from seeing the children enjoying books and creating their own stories.

Hobbies:

This is hard because I love doing lots of things! You might see me at Kings Fitness going to yoga or going swimming and I also love cross fit! I am happy when I'm pottering in the garden growing veg and thinking about how to encourage the wildlife. I admit to talking to the birds that hop around whilst I'm gardening! I enjoy reading and always have a book on the go. I love music and, being married to a music teacher, it's an important part of our family life.

Who works in my class:

I am so lucky to work alongside Mrs Farnie and currently Mr Robertson.

Fun facts:

Everyone in my family shares their birthday with a sibling. I share a birthday with my twin sister who lives in Devon. My husband also shares his birthday with his twin brother and my two boys were born on the same day, albeit two years apart. Sharing birthdays is the norm in our house!
