ART CLUB

Where creativity grows minds

Hi, I'm Vicki

I'm a highly experienced, qualified art teacher and I'm excited to bring a new Art Club to Axbridge First School.

Throughout the term, your young people will explore a variety of themes, artists, techniques and media, through fun, structured projects, building towards a mini exhibition at the end of term.

During Art Club...

Explore new artists, ideas and creative themes

Experiment with different techniques and media, developing their skills.

Develop creative thinking, confidence and problem-solving skills

Create artwork that reflects their own ideas and imagination

Celebrate their achievements through an end-of-term exhibition

All specialist art materials are included in the session price.

I look forward to welcoming all year groups to Art Club throughout the academic year.

Drawing • Painting
Printing • Making
Mixed Media
